

STATISTICS	POLLUTION	PLACES	TRANSPORTATION	REDUCE
Idling a vehicle for 5 minutes per day wastes 13 gallons of gas per year	Asthma	Grocery store	Airplane	Ride a bike more often
1 out of 5 children suffer from asthma	Fatigue	Warming up/cooling off vehicle	Train	Set air conditioners no lower then 72 degrees
Vehicle or mobile sources contribute more than 50% of our air pollution emissions here in Maine	Congestion		Minivan	Carpool
65,000 lost school days due to asthma related absences each year in Maine	Increased risk of hospital visits	Dunkin Donuts	Snowmobile	Be energy sufficient at home
37,500 lost work days due to asthma related absences each year in Maine	Can cause chest pain	Video store	Motorcycle	Don't idle vehicle

STATISTICS	POLLUTION	PLACES	TRANSPORTATION	REDUCE
Vehicle or mobile sources contribute more than 50% of our air pollution emissions here in Maine	Dizziness	Fast food restaurants	Bus	Ride a bike often
Everyday we each take about 20,000 breaths	Breathing difficulty	Schools (picking up or dropping off students)	Truck	Be energy sufficient at home
65,000 lost school days due to asthma related absences each year in Maine	Congestion		Motorcycle	Set air conditioners no lower then 72 degrees
13.2% of children in Maine suffer from asthma which is the highest rate and state in New England	Lung disease	Cumberland Farms	Airplane	Keep all vehicles tuned up and running effectively
1 out of 5 children suffer from asthma	Fatigue	Dunkin Donuts	Tractor	Use cleaning and paint products that pollute less often

STATISTICS	POLLUTION	PLACES	TRANSPORTATION	REDUCE
Everyday we each take about 20,000 breaths	Headaches	Dunkin Donuts	Tractor trailer truck	Be energy sufficient at home
1 out of 5 children suffer from asthma	Dizziness	Post Office	Snowmobile	Set air conditioners no lower then 72 degrees
Children are more sensitive to pollution; they breathe 50% more air per pound of body weight	Fatigue		Tractor	Use cleaning and paint products that pollute less often
Vehicle or mobile sources contribute more than 50% of our air pollution emissions here in Maine	Throat irritation	Picking someone up	4-Wheeler	Keep cleaning supplies tightly sealed
65,000 lost school days due to asthma related absences each year in Maine	Congestion	Warming up/cooling off vehicle	Dirt Bike	Walk more often instead of driving

STATISTICS	POLLUTION	PLACES	TRANSPORTATION	REDUCE
1 out of 5 children suffer from asthma	Throat irritation	Gas stations	Helicopter	Use cleaning and paint products that pollute less often
13.2% of children in Maine suffer from asthma which is the highest rate and state in New England	Congestion	Library	Tractor trailer truck	Carpool
Idling a vehicle for 5 minutes per day wastes 13 gallons of gas per year	Increased risk of hospital visits		Truck	Keep all vehicles tuned up and running effectively
Everyday we each take about 20,000 breaths	Can cause chest pain	Schools (picking up or dropping off students)	Dirt bike	Walk more often
Children are more sensitive to pollution; they breathe 50% more air per pound of body weight	Breathing difficulty	Bank	Subway	Don't idle vehicle

STATISTICS	POLLUTION	PLACES	TRANSPORTATION	REDUCE
1 out of 5 children suffer from asthma	Breathing difficulty	Fast food restaurants	Lawnmower (riding)	Keep all vehicles tuned up and running effectively
Idling a vehicle for 5 minutes per day wastes 13 gallons of gas per year	Asthma	Post office	Car	Set air conditioners no lower then 72 degrees
Vehicle or mobile sources contribute more than 50% of our air pollution emissions here in Maine	Lung disease		Subway	Carpool
Everyday we each take about 20,000 breaths	Dizziness	Bank	Tractor	Walk more often
65,000 lost school days due to asthma related absences each year in Maine	Congestion	Picking someone up	Truck	Use cleaning and paint products that pollute less often
